Project 52: Date Nights

We, _____ (name) and _____ (name) have pledged to have date night once a week. We have set _____ (day of the week) from _____ (time) to _____ (time) as our weekly date night. This will be our time to get to know each other better, create memories, learn and try new things, be creative and have some fun. We have set the following criteria for our date nights...

- Can't do the same thing twice in one month.
- We will rotate being in charge of date nights on a monthly basis.
- No children allowed, if applicable.
- Must create a date-like atmosphere. No frumpy clothes or pajamas. Make it a special event. Mind the details. But most of all, keep it simple.
