

## **DIRECTIONS**

Print template onto black cardstock, or print onto plain printer paper, cut out template pieces, and trace onto black cardstock. Using an X-ACTO knife, cut the slits for the wings. Write the name of the recipient on the front of the bat's body (optional).

Insert the wing pieces into the slits, bending the tabs at the ends of the wings back toward the bat's body. Adhere using double-sided adhesive or glue dots. Finish the treat holder by adhering the two ends of the bat's body together to create a cylinder for your candy.
